

The Third Temple

When Moses completed the Tabernacle in the wilderness for Me that I might have a place to come down and meet with My people, My glory filled the house. More than that, I had for Me a man, Moses, who would listen to My voice and obey Me.

Again My glory filled the house at the completion of Solomon's temple, but unlike before, I did not have a Moses-man who would meet with Me there and listen to Me with a heart to My voice. Yet, I have promised Myself that I will have for Me a third temple, built by My Spirit according to the pattern of My Son. This temple will be a people who will be for Me a final meeting place—a habitation of God in the Spirit. It will be a people of My own choosing who will allow My glory to fill their house. They will listen to Me as did Moses and will obey Me as did Moses and I will come to this house in all of My glory and take up residence there and shine through them far brighter than the morning star.

This people be My house out of obedience to My Holy Spirit and when completed will look like the blueprint, the patterned Son, My Son, whom I sent to the earth to reveal Me, the Father—yet it is I, the Son and the Holy Spirit who speaks. I will have for Me what I promised: many sons brought to glory. Hebrews 2:10.

Prepare for this day that is coming soon. Do not look to the East in anticipation of My temple being built again with walls of stone. My temple, the temple of the Holy Spirit, has already been designed and is being built with living stones. 1 Peter 2:5. Why would I come to a structure built by the hands of men made of stone and wood and furnished with gold and silver?

I am coming to a house that will have been built by My hands and made up of a people of renown. This people of renown shall be known for their absolute trust in Me and by the absolute peace that

I shall give them. They shall be for Me a people of peace whose very presence ministers My peace and My joy.

Yet, I shall do many signs and wonders through them and even mete out My judgment through them, that the world may know that I, the one and living God, the creator of the universes, Yahveh, am God. That they may know this is My people in whom I live, that in Me they may live and move and have their being.

Are you willing to be in that Moses company? Call them what you will, but understand that they, like Moses temple, will be built according to My pattern. They will be My people. They will listen to My voice and I will speak to them. They will obey Me because of their complete trust in Me. And, therefore, I will fill their house with My glory, My presence, My worship, My praises, My sacrifices. This people shall be as living sacrifices, wholly acceptable unto Me, which will be considered by them to have been a reasonable service. Romans 6:1.

This third temple is already here. It is already in the making. I am perfecting a people who will be that company of sold-out souls. I am already speaking to them and they are obeying Me and allowing Me to do My glorious work of sanctification in them. You cannot see them or Me at work in them with natural eyes and with natural understanding. I am doing a quiet and hidden work in them.

Nevertheless, if you are one in whom I am doing this work, you will have spiritual eyes to see My work in others. Rejoice when you see this. Instead of condemning people for their troubles, look closer to see if the trouble in their lives is not the result of My great and glorious cleansing. Ah! Yes! I am cleansing. I am purifying. I am purging. I am bringing forth a people made of pure gold as the gold that represents My deity.

So, come away with Me, My love, My Bride, My people of renown and let Me prepare you for My dwelling place. Let Me prepare you so

I can come to you in fullness and fill My house with My glory this third and final time.
